The Architecture of Light and Space The proposed design prioritizes the seamless transition between the interior sanctuary and the wilder beauty of the outdoors. The concept features: * **Living Quarters:** Four spacious bedrooms and four bathrooms, designed for privacy and repose. * **The Social Core:** An open-plan living and dining area anchored by a designer kitchen with a central island, framed by floor-to-ceiling glass that dissolves the boundary between the living room and the horizon. * **Outdoor Integration:** Expansive sun terraces that lead to a private swimming pool, positioned to mimic an infinity edge against the backdrop of the mountains and sea. * **The Grounds:** A...(Ask for More Details!)
