Highly adaptable rural property, complete with its own independent water supply. Featuring existing agricultural facilities and excellent development potential. The farmhouse "residential area" The detached farmhouse is divided into two sections: agricultural and residential. The residential part is structurally solid and ready to move into, offering: 5 bedrooms 2 living rooms, each with a fireplace open-plan kitchen 1 bathroom two independent entrances, making it easy to split into two separate living spaces swimming pool Although some modernization could enhance the interior, the house provides a strong structure and versatile layout. Outside, a south-facing terrace overlooks open, private surroundings, with a small pool positioned at the front of the home. Agricultural area... (Ask
