The 78 m<sup>2</sup> apartment includes 2 bedrooms, 2 bathrooms, a spacious living room with an open kitchen, and a terrace. The south orientation provides excellent natural light year-round. The apartment has been completely renovated with a full replacement of electrical and plumbing systems. Underfloor heating has been installed throughout the apartment, new energy-efficient windows, an inverter air conditioning unit, built-in LED lighting, and Electrolux appliances. The building is equipped with an elevator. An additional advantage is the small number of neighbors – there are only two apartments on each floor, ensuring more privacy and tranquility. Within walking distance are the beach, promenade, restaurants, supermarkets, and all necessary infrastructure.
