Discover homes designed exclusively for seniors, created to offer well-being, safety, and comfort in every detail. Renovated with high-end finishes, they feature porcelain flooring and wall tiles, fully renovated kitchens and bathrooms, lacquered carpentry, and double-glazed windows for excellent thermal and acoustic insulation. --Each home includes a smart home system with medical alert alarms, smoke detectors, and electrical supply control, directly connected to reception and 24-hour security for your complete peace of mind. --Built on a single level and without architectural barriers, they ensure maximum accessibility and ease of movement. They also feature a designer kitchen equipped with appliances, a private terrace, electric blinds, and pre-installation for air conditioning.
